Introduction

The Canada-Northern Ireland Co-Development Incentive (“the **Incentive**”) is a collaboration between the Canada Media Fund (**CMF** or “**Party**”) and Northern Ireland Screen (“**Party**”) (the CMF and Northern Ireland Screen, collectively the “**Parties**”) to fund the co-development of eligible audio-visual projects between producers from Canada and Northern Ireland.

It is the intent of the Parties to partner on this Incentive for a period of 3 years (2018-2019 to 2020 -2021). The CMF and Northern Ireland Screen reserve the right to modify these Guidelines for the 2019 and 2020 iterations of the Incentive.

The total amount of funding available through the Incentive for the 3-year period is CDN \$600,000 (approximately £330,000) with CDN\$300,000 (approximately £165,000) contributed by each of the CMF and Northern Ireland Screen. The amount available for each year of the Incentive will be CDN \$200,000 (approximately £110,000) with CDN\$100,000 (approximately £55,000) contributed by each of the CMF and Northern Ireland Screen. Such funding will take the form of a repayable advance.

To be considered for funding through the Incentive, projects must comply with both Parties’ general funding criteria, with the CMF determining eligibility for the Canadian portion of a project and Northern Ireland Screen determining eligibility for the Northern Irish portion of the project. Projects will be evaluated and chosen by a committee comprised of representatives from each of the CMF and Northern Ireland Screen through a selective process (using the Evaluation Criteria listed below). It is important for Applicants to note that eligibility to or financing through the Incentive does not guarantee the Applicant eligibility or financing for further CMF or Northern Ireland Screen funding in development or in production.

The total maximum contribution for each project funded through the Incentive shall be CDN \$50,000 (approximately £27,500), consisting of (a) a CMF contribution which shall not exceed 75% of the Canadian development budget and (b) a Northern Ireland Screen contribution which shall not exceed 75% of the Northern Irish development budget.

The total contribution from each of the CMF and Northern Ireland Screen for each project will be determined on a case-by-case basis.

While the ownership, financial control and creative contributions shall be determined in the co-development agreement between the applicable international co-producers, the minimum minority co-producer share shall not be less than 20%. As a general guideline, the CMF and Northern Ireland Screen encourage that such elements be proportional to each Party’s respective funding contributions.
